

JUNIOR SERVICE PROPOSAL FORM

All service hours for juniors need to be pre-approved. What was acceptable for freshmen and sophomore year may not be acceptable for junior year!

Students should consider their strengths and weaknesses, talents, and gifts when considering their service project. The Director of Service Programs will help in this process, but students are expected to find their own project where they believe they can best help those in need.

Suggestions for service projects are provided by the Director of Service Programs at www.scrantonprep.net. This list of pre-approved service agencies are where many Prep students typically work, although the list is not exhaustive. In the event that a junior wishes to work in a setting that is not listed they must seek approval by the Director of Service Programs or risk their hours not counting toward their requirement.

Your name: _____ Agency name: _____

Address of Agency: _____

Telephone Number or e-mail: _____

Describe how you plan to be of service to this agency:

Service Director Approval

Service Director: (sig.) _____ Student: (sig.) _____ Date: _____
